

## Supported Living Services

---

CHOICESS  
348 E. Foothill Blvd.  
Arcadia, CA 91006

May 14, 2020

To Whom It May Concern:

As you are aware, the current COVID-19 pandemic has had a major impact on daily lives in the State of California. The situation has affected many service sectors, including the various services CHOICESS provides. Although CHOICESS provides these services across multiple cities and counties, we feel it is in the best interest for the well-being and safety of our employees and the individuals we support to abide by the Los Angeles County Safer at Home order and guidelines.

Those guidelines include, but are not limited to:

- Social distancing
- Wearing masks
- Discontinuing non-essential services
- Prohibiting social gatherings

The above guidelines may suspend some of the services CHOICESS provides or modify them on a case-by-case basis to meet LA County's Safer at Home order and ensure the overall safety of our employees and the individuals we support.

CHOICESS will continue to monitor the situation and make any changes to our policies as things progress.

Best regards,

  
Joseph Donofrio  
Executive Director
